

FISCAL NOTE

SB 3740 - HB 3668

March 30, 2006

SUMMARY OF BILL: Enacts the "Missing and Unidentified Persons Act of 2006."

ESTIMATED FISCAL IMPACT:

Increase State Expenditures – Not Significant

Increase Local Govt. Expenditures – Exceeds \$100,000*

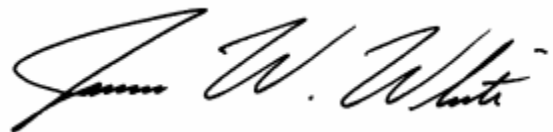

Assumptions:

- No additional resources will be required by the Tennessee Bureau of Investigation or the Department of Safety. There will be a not significant increase in expenditures for additional training, revision of departmental procedures and policy.
- This estimate assumes there would be an increase in the number of missing persons reported at both state and local agencies, thereby increasing the workload of existing personnel.
- New policies and procedures will need to be written and disseminated; personnel will require additional training, and some local governments may require additional personnel.

*Article II, Section 24 of the Tennessee Constitution provides that: *no law of general application shall impose increased expenditure requirements on cities or counties unless the General Assembly shall provide that the state share in the cost.*
